GOOD WORK.—O. M. Smith, of the Union Title Abstract Co. has just completed a fine piece of work. It is nothing short of a complete alphabetical list of all the mortgages and judgments ever rendered in Marion county. There are 13,400 mortgages of record and 8000 judgments that affect titles of real estate. The judgments were rendered against 2400 different parties. This is not a large list when it is considered that it extends far back into territorial days and affects a population now grown to twenty-five thousand.

TAKING THE CROWD.—So far Morning-side is the best advertised suburb of the capital city. It possesses direct and close electric car line facilities and has other merits. Its great natural charms and lovely residence spots make it the ideal resort for pleasure seekers. Is it any wonder all the new houses are being located there? Property is still cheap and fine scenery, elevations and natural drainage are desirable considerations to home seekers. See plans with Pacific Land & Orchard Co.

HARD TIMES DEFEATED.—Money is scarce, and people buy nothing except they get their money's worth. Miss Pinkham, the Court street milliner, is selling her choice stock at prices that cannot be equalled. See her hard times offers and you will be surprised. A whole family can be fitted out for a trifling sum.

FAR AWAY.—The 1st. daily goes to Dreway. That is in Harney county. The mail route covers well upwards towards a thousand miles, via Union Pacific to Ontario, the live new town on the border of Idaho, then by stage over mountains and across rivers into the heart of Harney county. The people appreciate the ONE CENT DAILY.

HALF FARE.—The N. P. railroad will sell half-fare round trip tickets for the Salem races from all points between Portland and Eugene. The tickets will be on sale beginning the 4th and will be good to return until the 8th.

BOUNTIES.—Harry Price of Turner drew \$2.50, he having brought in fifty gray-digger squirrel scalps. Walter Hatch of Salem brought two gopher scalps and got 30 cents—10 cents on each. Walter is 10 years old.

ALL HANDS ARE HAPPY.—Fruit is moving, the weather fine, crops promising, and J. A. Van Eaton is head and front in choice, fresh supplies of staple and fancy groceries.

WOOL.—It remains firm at 10 cts. and none sold. If it is a fine article it might command 12 1/2 cts. but there are no buyers. Wool is wool, and nothing more.

NOT BURNED.—Peas that are peas, vegetables fresh, clean and crisp, groceries full weight and new stock is what ladies get every time at Van Eaton's grocery.

THOSE JACKETS.—We are selling so cheap as New York's best. The prices are out from one-fourth to one-third. Come and see. T. Holmstrom & Co. 21

HARD TIMES.—The price of flour was never so low as it is now, and the Salem Flouring Mills turn out the best product ever known just the same.

A CLOSE CALL.—The price we are naming on our jackets. They continue to move, and if you want a bargain, come at once. T. Holmstrom & Co. 21

GAMBLERS.—A number of Chinamen were arrested last night on charge of poker playing and will be tried tomorrow at 10 a. m.

The Lane county banks are all right. Published statements over the names of good men on the outside show that the First National and Eugene Loan and Savings bank have good assets of \$2.25 for every dollar liability. The Lane Co. bank shows that it has \$225,000 assets and \$85,000 liabilities, and that all depositors will be paid in full.

The Lane and Benton county moneyed men should now pull themselves together and secure all the depositors there and escape the odium of repudiation that will attach to their communities if they do not make good every dollar entrusted to them.

SHRUM.—At the Riverside boarding house on West State street, at 9:45 p. m., Tuesday, June 27, 1893, from drugging, Mrs. Eleanor E. Shrum, aged about 77 years.

Deceased was the widow of Henry Shrum of Macleay.

Carry the news to Mary. And, pray, be not too long. For she is fast declining. And, surely, 'twould be wrong—not to tell her of Dr. Pierce's Favorite Prescription. We do want Mary to know, in some way or other, that this world-famed remedy will cure her beyond any doubt! It's just the medicine for young womanhood, and thousands have it bridged over that perilous sea.

From every state, from every city, from nearly every neighborhood in this broad land, comes the grateful acknowledgment of what it has done and is doing for our daughters. The only medicine for the distressing and painful irregularities and weaknesses of woman, sold with a positive guarantee to give satisfaction in every case, or money refunded. In other words, sold on trial!

AMONG THE GEMS.

The play of color in the opal is due to minute fissures in the stone. Black, pink and golden yellow pearls are more valuable than white.

Every gem known to the lapidary has been found in the United States.

An uncut diamond looks very much like a bit of the best gun arabic.

The best pearls are found on the Ceylon coast and in the Persian gulf.

The black diamond is much harder than the transparent white variety.

Pope Julius II wore in his tiara an aquamarine of an exquisite sea green color 2 inches in each dimension.

The perfectly round pearls are the most valuable. Next come the pear shaped, and lastly the egg shaped.

The Greeks stained quartz to so close an imitation of emerald that it was almost impossible to detect the fraud.

A ruby of the best quality and more than three carats is worth more than a diamond of the same size and weight.

The diamond is believed to be of recent geological formation, and a microscopic examination often discloses in its substance minute plants and vegetable fibers.

For ages there has been a flow of gems of silver from Europe to India and none ever return, the people of India preferring a gem to any other form of investment.

When Pizarro sacked Peru, many gems were obtained, but a monstrous emerald as large as an ostrich egg, called the "Great Mother," was hidden by the natives and has never been found.

The most beautiful specimen of the natural emerald in the world is that at the shrine of Toretto in Italy. It was presented by Don Pierre Darayon, who was formerly viceroy in Peru. It is a mass of limestone crowded with emerald crystals, some of which are more than an inch in diameter.—St. Louis Globe-Democrat.

"The Blue Bonnet," a new comedy by Charles Bernard and Mrs. Doremus, has been purchased by Jefferson, Klaw and Erlanger, who will produce it at the beginning of next season.

It is A. R. Schade, Charles Wyndham's private secretary, who has translated and adapted D'Emery and Burani's libretto of Planquette's opera, "The Tailor," for Manager Hammerstein.

J. W. McAndrews, the veteran minstrel, known as "the watermelon man," has been engaged by Nat Goodwin for a negro part in the new play, "In Missouri," which is to be produced early next season.

Gus Heege (Yon Yonson) sailed for Europe recently, going in the steamer to pick up ideas of life among the emigrants on an Atlantic liner. He will pass the summer in Sweden and Norway gathering material for a new play.
